"We could have easily gone to Grand Rapids or Kalamazoo, but we chose Pennock. The Hospital was large enough to provide state-of-the-art technology, but small enough to provide personalized care. The staff even remembered our names long after we left!"

High-Tech Infant Security

At Pennock, keeping you and your baby safe is an important priority. We have state of the art infant security systems to protect both you and your newborn.

Our security measures include matching identification bracelets, a special baby transponder as a part of our electronic security system, and as an additional effort to protect your privacy, our nursing staff will not discuss personal information with anyone who phones without your consent.

Luxury Private Suites

Pennock Family Birthing Center provides you with seven beautiful private LDRP (Labor, Delivery Recovery, Postpartum) Birthing Suites. Each suite is designed to make you feel at home.

With soft lighting and modern, comfortable furniture, our family birthing suites provide a welcoming atmosphere for you and your partner. Beverages, ice and light snacks, are available to patients 24 hours a day.

When it's time for delivery, your suite will be converted into a delivery room within seconds. In addition to our sophisticated technology, you also receive our staff's special touch of personal care and attention.

Educational Classes

Pennock Family Birthing Center helps prepare you for childbirth by offering a series of educational classes. A complete schedule is available on our website at www.pennockhealth.com.

If you would like more information on our prenatal educational offerings, a class schedule, and a tour of our Family Birthing Center, please call 269.945.1212, ext. 1872.

We also invite you to review our Pennock Health Virtual Tours on our website at www.pennockhealth.com/virtualtours.html. Under the Pennock Hospital Tour, you will see a 360 degree tour of one of our Birthing Suites and also our Family Birthing Center.
