Pennock Village Provides Exceptional Retirement Living for Active Seniors looking for Independence, Tranquility, and an Engaged Lifestyle

HASTINGS, Mich. — Pennock Village offers exceptional retirement options as one of Barry County's best senior independent living communities. Seniors who join Pennock Village, join a community that offers a stylish mix of engaging amenities and inspirational settings that can enrich the quality of their life. Ideally situated in a picturesque valley adjacent to Pennock Hospital, Pennock Village takes pride in providing all you are looking for.

By living in Pennock Village, not only are you living in one of America's Top 100 Best Small Towns, you are also close to many local amenities. Once you step out of your front door, Hasting's Fish Hatchery Park is less than a few feet away! The Fish Hatchery Park is one of Hasting's busiest parks offering the Thornapple Arts Council, duck feeding, an outdoor walking track, pavilions, and multiple play structures for when your grandchildren visit.

Also out your front door, you will find Pennock Hospital, Pennock Pharmacy, and the Pennock Health and Wellness Center. These settings allow for a rich social, recreational, and cultural life made easy. You can easily join Pennock Hospital's community classes and events, take a dip inside Pennock Health's indoor heated pool or hot tub, take a morning Yoga class, or play some cards with your friends in the community room. Or perhaps in such a relaxed environment, you'll finally indulge in the luxury of doing nothing!

"One of my favorite things is access to health care with the Village being located so close to Pennock Hospital...I love the doctors there," says Barb Brunk, Pennock Village resident since 1992. "I like to walk and there is plenty of space and park area to walk without worrying about traffic. My husband used to walk 2 miles a day and finish with a trip to the Health and Wellness Center behind our apartment."

“I have met some very nice people here over the years and I have really enjoyed the social events and the opportunity to meet new people. We have monthly coffees, Christmas dinner, and recently we were treated to a wine and cheese social with the lovely music the Bows and Buddies played. Anyone looking for an apartment won’t find anything cheaper that is this nice.”

Pennock Village pays attention to detail, so you can enjoy the life you have earned. Unlike other independent living retirement communities, each two-bedroom unit has 1,055 square feet of living space with an 8 x 11 foot screened porch. The monthly rent includes services such as snow removal; exterior window washing; exterior painting; 24-hour building and appliance maintenance; trash removal; and lawn and shrubbery care. Water and sewer utilities, property taxes, and building insurance are more items included in the monthly rent. In addition, Pennock Village's affiliation with Pennock Hospital enables residents to enjoy additional services and amenities at no extra cost!

“I was a realtor for many years and my friends are surprised I am renting, but I love it,” states Audrey Burdick, Pennock Village resident. “To me, I’ve looked at other apartments but there is no yard. There it would be odd to sit on a lawn chair outside, but here you have a yard, they’re very private and you can go out and enjoy your yard. A lot of people have meals delivered from the Pennock cafeteria, especially after surgery. Delivery is a very nice feature especially for those who don’t drive or get out. Pharmacy and lab draw too!”

We invite you to join Pennock Village today! It's the ultimate in retirement living for those 55+. Should you need assistance, Pennock Health Services and Pennock Homecare are here if and when you need them. At Pennock Village, creating a balance between a life of quality, vibrant independence, and supportive care is our goal. Pennock Village is a home you can be proud of for years to come!
